

PARTICIPATION CERTIFICATE

Mrs. Tatiana Kolganova

successfully participated in the

ADVANCED TRAINING COURSE for CARB/EPA Auditors

conducted by **TPC-10**.

Content of the Course:

- Requirements of new regulation: US EPA TSCA Title VI – 40 CFR Part 770 – Formaldehyde Emission Standards for Composite Wood Products
- Update to existing regulation: California Air Resources Board (CARB) - Final Regulation Order of “Airborne Toxic Control Measure (ATCM) to Reduce Formaldehyde Emission from Composite Wood Products” -§ 93120 - 93120.12, title 17, California Code of Regulations
- IKEA specification IOS-MAT-0003 – Formaldehyde requirements of wood, wood-based and wood-like natural materials and products
- International harmonized standards ISO 12460-3 (gas analysis method) and ISO 12460-5 (perforator method)
- New checklists and documentation: application & strategic issues experience exchange within the group regarding CARB/EPA audits and FPC (Factory Production Control)

The auditor was provided with knowledge in terms of CARB/EPA – regulations and practical procedures of surveillance of quality assurance programs of composite wood manufacturers and formaldehyde testing.

The content was enhanced by presentations and discussions.
